

# What is geocaching?

Geocaching is a free, global, real-world, outdoor treasure hunt using GPS-enabled devices to navigate to cleverly hidden containers called geocaches. Explore Houma through our unique GeoTour and discover our rich history, breathtaking landscape and diverse culture as you locate each hidden cache.

## How It Works:

- Visit [Geocaching.com](http://Geocaching.com) to register a username (Basic membership is free.)
- Download a geocaching app to your smartphone and find the Explore Houma GeoTour GT4DE.
- Travel throughout Terrebonne Parish to locate the 40 hidden caches.
- When you find a cache, sign the log, and write the secret code word on your "Cache de Crawfish" passport. You may discover some trade or swag items (small toys, keychains, stickers, trinkets) inside the geocache. The general rule of thumb is if you take something, leave something of equal or greater value. Then, place the container back exactly how you found it.
- Record your find on [Geocaching.com](http://Geocaching.com).
- After locating at least 35 of the possible 40 caches, take your passport to the Visitors Center to receive your custom geocoin.

*Share your Bayou Country adventure!*
