

A FISHERMAN'S PARADISE

Louisiana's BAYOU COUNTRY IS TRULY A FISHERMAN'S PARADISE

Where else can you experience world-class fishing and some of the most liberal fishing limits in the country? It's also one of the few places where you can find freshwater, saltwater and brackish (a mix of saltwater and freshwater, located where rivers and the Gulf meet) fishing, all within an easy drive or boat ride. From speckled trout to redfish and snapper, every day is a great fishing day.

We have plenty of marinas with prime spots for launching that are well-stocked with fuel, ice, vending, propane exchange and so much more. Bring your boat or hire one of our local charter fishing services.

LOCAL FISHING SPOT

The tiny fishing village of Pointe-aux-Chenes (French for "Oak Point") offers exceptional marsh fishing, as evidenced by the many fishing camps dotting the landscape around it. It's well-known by Louisiana anglers as a reliable spot to find redfish especially, and has numerous charter boat companies nearby to get you out on the water. There's also the Pointe-aux-Chenes Wildlife Management Area, operated by the Louisiana Department of Wildlife & Fisheries, which allows recreational fishing, hunting and camping in this 33,000-acre preserve.

THINK YOU NEED A BOAT? NAH, WE HAVE THE BEST

Piers & Docks

Not all of us own a fishing boat, but we still enjoy the sport of angling. Boat owners will tell you there's more to owning a boat than meets the eye. A day out on a fishing boat takes planning, lots of preparation, knowing the channel markers, ramps and some degree of basic engine maintenance. Land anglers may not be quite as mobile and flexible as boat owners on the water, but there are many options open to the land-based angler.

Fishing piers and docks provide lots of benefits to the land angler, such as safe access, fish structure, and in some cases, shelter from the elements and plenty of company. The structure itself will attract schools of live bait. So, if you don't have a boat or want to leave it at home, have no worries because Terrebonne Parish is filled with many saltwater, fresh water and brackish fishing spots that local fishermen can walk to. And as the cooler weather filters in, fish begin stacking up closer to area shores.

The **Boudreaux and Robinson Canals along LA. 56** are by far the most popular shoreline locations. Both can get crowded in the winter months. Boudreaux Canal is a hot spot for speckled trout in the winter and provides a migration route for the fish to and from the lake. Finding areas of moving water in these regions can prove fruitful.

Island Road in Pointe-aux-Chenes is also very popular with five free access fishing piers that are open to the public. Each pier has two eight-foot-wide sections that extend outward 56 feet as well as parking for 11 vehicles. Not only can you fish from Island Road but you can also catch crabs! Here are some additional top shoreline fishing spots:

-  **Bayou Dularge Road, no farther south than Falgout Canal**
-  **Falgout Canal Road between Dularge**
-  **Pontoon Bridge over the Houma Navigation Canal**
-  **LA. 57 between Cocodrie and Dulac**
-  **Boudreaux and Robinson Canals along LA. 56**
